

Museum for Black Innovation and Entrepreneurship

Some questions for the Discussion Sessions (and bring your own):

How can I innovate?

How can I be an entrepreneur?

How can I profit from my ideas, and who can help me?

What is the difference between income and assets?

Why is ownership of assets the key to long-term wealth?

How can I encourage my child to innovate or be an entrepreneur?

Would you rather work for someone else or yourself?

When and how can I start a business by myself or with others?

What is stopping me from starting a business?

What are the different ways to organize a business in DC?

How can I protect my ideas and my work?

How is the informal economy different from the formal economy?

Do drug dealers make more than minimum wage?

What is capitalism? Who wins and who loses?

Do you prefer to work alone or in cooperation with others?

Why *Black* innovation and entrepreneurship?

Are there any community resources to help me?

How do good entrepreneurs minimize failure?

How much of innovation is inspiration and how much is hard work?

What is preventing you from planning for the future?

How is community wealth being lost? How can we keep and grow wealth here?

Are you a member of a credit union?

What is the best idea you ever had? What ideas are you getting here?
